## ABOUT

[Transform Education New Mexico](#) (TENM) is a representative organization of school districts, school boards, teacher unions, tribal leaders, educators, community advocates and youth leaders advancing a vision for transforming schools in alignment with the findings of fact and conclusions of law in the landmark Yazzie/Martinez v. State of New Mexico education lawsuit.

## HOW A BILL BECOMES A LAW

This resource was created to help New Mexico families understand the advocacy process and how their lived experience and expertise can help influence legislation. The legislative process is complex, to say the least and was originally designed to be accessible only to a few. As one result of this, there are many acronyms and policy terms that may not be familiar to the public. [CLICK HERE](#) to see a list of resources to help navigate the legislative website as well as the legislative process.

## FIND YOUR LEGISLATOR

If you don't know who represents you at the Roundhouse, [find your legislator here](#) and call or write to them asking for their support of a multilingual, multicultural education framework grounded in student equity.
